protection
with purpose
fighting hunger
one case at a time

Elara launched in 2011 with a simple mission – to fight hunger in America through sales of our products. To say that we’ve been humbled by the response is an understatement. Thanks to your purchases, Elara has donated over 5 million meals – and counting! – to people struggling with hunger.

To build upon this momentum, our dedicated team is driven to create in-demand products, carefully designed for comfort, durability, style, and budget, as you will see in this new catalog.

We are grateful for your support. Hunger is a major problem in the United States. By joining together, we are part of the solution.

A handwritten signature in black ink that reads "Dan".

Dan Grinberg
Founder & President

One Case  One Meal[®]

our meal giving partner

Feeding America is the largest hunger relief organization in the United States. Through a network of 200 food banks and 60,000 food pantries and meal programs, Feeding America provides meals to 40 million people facing hunger each year.

For each case you buy, Elara donates a meal for a person struggling with hunger in America.*

*\$1 helps provide at least 10 meals secured by Feeding America on behalf of local member food banks

Selecting the Right Glove

Attributes, Materials, & Applications

The chart below will help you choose the type of glove that best matches your needs. Sometimes more than one glove will fit your criteria. In this case, testing, sampling, and reviewing costs is recommended to narrow down your choices.

¹ NRL = Natural Rubber Latex. NRL gloves contain proteins which may cause allergic reactions in sensitized individuals. Check with state or local health authorities for usage restrictions where you operate.

² Employers are responsible for selecting gloves that are appropriate for their operations and for training workers on proper glove use.

³ Only gloves labeled as Examination Gloves should be used for medical applications.

nitrile gloves

Tougher, longer-lasting protection
without sacrificing comfort

*Elara nitrile gloves outlast vinyl and latex, stand
up better to chemicals and animal fats, and
resist tearing, punctures, and abrasion. Ideal for
foodservice, processing, janitorial, and industrial use.*

dextrafit2G™ nitrile gloves

One Case One Meal[®]

Elara is committed to fighting hunger in America.
For each case purchased, Elara donates a meal to a
local food bank to help a person struggling with hunger.

Through our partnership with Feeding America[®],
we're able to provide hunger relief in the
communities we serve.
